

Requirements/Features of Membership Sites

Are you planning on building a membership site? Before you start your research into the plugins you would like to use, think about what type of membership site you are building and what features would you like to have on your site?

The plugins you choose entirely depends on your site requirements.

Choose the type of membership site

- Online Member directory
- Website with membership level-based content restriction
- Chamber of Commerce
- Visitor guide website/Travel Bureau site
- Website offering tutorials/courses

Choose the features you would like on your site

- Register new members and event attendees
- Display members on the front end
- Update member profiles

- Members only content
- Email new members/send out newsletters
- Add contacts (CRM)
- Process monthly/yearly dues or donations
- Create reports
- Content Dripping
- Other features you would like to have on your site:
